OFFICE OF PETITIONS

Dear Sir

In reply to the Decision on Petition mailed June 10, 2004, in which the Petitions Examiner dismissed Applicants' Petition filed November 21, 2003 under 37 C.F.R. § 1.78(a)(3), Applicants hereby renew the Petition and request that the Petitions Examiner grant the Petition in view of the following remarks.

In the Decision on Petition, the Petitions Examiner dismissed the Petition on the basis that the reference required by 35 U.S.C. 120 and 37 CFR 1.78(a)(2)(i) of the prior-filed application was not properly submitted. The Petitions Examiner acknowledged that Applicants submitted such a reference in an Amendment filed concurrently with the Petition, but stated that the Amendment is not acceptable because it improperly includes an incorporation by reference of the prior-filed applications.

In reply, Applicants respectfully submit that the incorporation by reference accompanying the required reference to the prior-filed nonprovisional application is proper

because it was actually included in the specification as originally filed. In particular, the specification as originally filed included an incorporation by reference of the prior-filed nonprovisional application (as well as the provisional applications), and purported to claim the benefit of priority from the prior-filed nonprovisional application. However, the claim of priority did not properly identify the present application as a Continuation-In-Part of the prior-filed nonprovisional application.

Hence, by way of the Petition, Applicants seek to include the proper reference to the prior-filed nonprovisional application, while still maintaining the incorporation by reference made in the specification as originally filed. Applicants certainly agree with the Examiner that the addition of an incorporation by reference would ordinarily be improper after the filing of the application. In this present application, however, the incorporation by reference was made in the specification as originally filed. Therefore, no new matter is being added to the present application, and the maintenance of the incorporation by reference is believed to be proper.

In view of the foregoing remarks, Applicants respectfully submit that the reference to the prior-filed nonprovisional application in the first paragraph of the application, as presented in the Amendment filed November 21, 2003, including the incorporation by reference, is proper in this instance. Therefore, Applicants respectfully submit that the Petition as originally filed complies with the requirements of 37 CFR 1.78(a)(3), and requests that the Petition be granted.

If any aspect of this Renewed Petition is unclear, or if further discussion would be helpful to the Petition Examiner's disposition of this Renewed Petition, the undersigned may be contacted by telephone at the convenience of the Petition Examiner.

Please charge any necessary fees or credit any overpayment to deposit account number 50-1778.
